*Our contributions are from* **1998**

Muhammad Medical College Mirpurkhas, which runs under Muhammad Foundation Trust, has clear mission to provide learning and training opportunities of international standards, and to provide adequate health facilities to the patients who need it most. Central to this aim is our desire to put students and the patients at the forefront of our attention.

# Mirpurkhas

the most peaceful city of Pakistan

Apart from high academic standards and healthy atmosphere, many families send their children to MMC because of the peaceful nature of the city. The city of Mirpurkhas, which in ancient times used to be the glorified Kaho jo Daro, the capital of magnificent empire of Indus civilization, is one of the most peaceful cities of Pakistan. The history shifted to the point where it became the capital of Mirs' Sindh. Apart from the fascinating history, Mirpurkhas holds its position high as a city where people from all walks of life live with peace and harmony. It is also called the city of Mangoes. Today, its golden history includes the name of the largest non government educational and medical trust of Sindh outside Karachi, the MFT.

Message by:

## Dr. S. Ali Muhammad

Founder Chairman and Patron, MFT

These lines were not written as message but you judge for yourself, what could be a better message than this.

Life is a strange phenomenon. Whether you do good things or bad things or nothing, it moves on. Time flies. Children become boys & girls, then young adults, then middle aged and then old people. (Shakespeare will count 7 stages, others less or more), but nevertheless, before you know, you are heading towards eternity, leaving all your loved ones and houses and land and earnings behind. That is because you never owned them. As Mir has said "Yeh hi jana keh kuch na jana haye. So bhi ik umr mein hua maloom". However one thing is certain. If you do what you have been asked to do and refrain from what you have been forbidden with, Someone ensures that your beloveds are properly taken care of, your name stays prestigious and your deeds carry on. I do not know if I would be able to see the seeds of my institutions of knowledge and treatment turning into full fledged trees, but I am sure that God almighty never lets any sincere effort go wasted. So I am sure that my and your children and all the future children of Mirpurkhas, Sindh and Pakistan will witness Muhammad College, Institutes and Hospitals turning into centers of excellence and will be fully benefitted by these institutions. And perhaps I will also witness from somewhere high up, my and your children smiling in these places. May God grant MMC, MMCH and MIST all the recognition and success that these institutes truly deserve. Ameen.

Dr. S. Ali Muhammad left for his eternal abode soon after these lines. MMC & MMCH were granted recognition by PMDC 7 1/2 Months after his departure, realizing his dream. Principal MMC.

# Vice Chancellor

University of Sindh

**Dr. Nazir A Mughal**  
Vice Chancellor  
University of Sindh

## Welcome to Muhammad Medical College

I am very pleased to learn that Muhammad Medical College is all geared up to induct fresh batch of aspiring would-be medical graduates, for whom this prospectus is being brought out. Muhammad Medical College Mirpurkhas, the only Medical Institute in Mirpurkhas, has earned recognition as thoroughly professional institute committed to dissemination of quality medical education. The eight batches of medical graduates passed out to date from this college have been well received and absorbed in the professional organizations and health care system of the country. This is in fact a tribute to the devotion & dedication of its faculty & management who have set up well equipped labs and museums etc. with most modern facilities. The University of Sindh takes pride in having such prestigious institutions in its fold.

Message by

# Principal

Muhammad Medical College

**Professor  
Ghulam Ali Memon**  
Principal

As a medical student, you're going to spend a significant number of the most important years of your life at college. You'll want to end up with a world-class qualification and you'll work hard to achieve that. But you'll also want a rich and vibrant social and cultural life. It gives me immense pleasure to write these lines for Muhammad Medical College which is recognized institution by Pakistan Medical & Dental Council to award MB BS Degree. This is the only private Medical College situated in the Rural Ares of Sindh especially in the Thar Region. This Institution is Progressing day by day with academic activities like Annual Symposia & CME Programs. In the year 2010 it added a Cap in its feather by recognized by College of Physicians & Surgeons Pakistan in fields of Medicine, Surgery & Gynae / Obstratics for imparting training of FCPS. MAY ALLAH BLESS THIS INSTITUTE WITH MORE SUCCESS IN FUTURE.

## From the desk of **Managing Trustee**

**Professor Syed Razi Muhammad**

MBBS (DOW), FRCS (Edinburgh), FRCS (Glasgow)  
Diploma in Urology (London), MBA, MEd  
Diploma in Medical Education (University of Dundee)  
Examiner Royal Colleges of Surgeons of Edinburgh and Glasgow  
Member Editorial Board of all 4 Royal Colleges of UK & Ireland

As the world is turning into a global village, our future doctors face a gigantic task of mastering Community Oriented Health Sciences on one hand and developing skills and competence required at international level on other. Medical Education is changing very rapidly and "Modernizing Medical Education" by NHS in UK is a glaring example. A thorough understanding of modern aspects of Medical Education is most vital for our students and doctors. At the same time full comprehension of concepts like Medical Ethics, Evidence Based Medicine and Better Communication Skills should be provided to our students. I intend to make full use of my experience of being a Fellow of two Royal Colleges and more recently, an examiner of all four Royal Colleges of Surgeons of UK, for the benefit of our students. A close liaison is also being developed with some UK institutes that will further help our future doctors.

## Muhammad Foundation Trust

Muhammad Foundation Trust is a registered trust consisting of highly educated people of Mirpurkhas. This trust has been formed by a group of professionals & educationists with deep roots in Mirpurkhas, under leadership of Mrs. Ali Muhammad and Professor Dr. Syed Razi Muhammad.

## Board Of Trustees

**Dr. Syed Ali Muhammad**  
Founder Chairman

**Mrs. Razia Muhammad**  
Chairperson

**Prof. Dr. Syed Razi Muhammad**  
Managing Trustee

**Engr. Syed Taqi Muhammad**  
Secretary Board of Trustees

**Mr. M. Ibrahim Soomro**  
Trustee

**Dr. Mrs. A. H. Muhammad**  
Trustee

## Campus

Muhammad Medical College is located just outside Mirpurkhas (6 km from Zero point) on Hyderabad road. This is opposite Ratanabad Railway station near main bus stand. It spreads over 40 acres owned by Muhammad Foundation Trust for its projects. All necessary facilities including building, gas, electricity, telephone, Internet, transport, accommodation, food and drink spots are available. Public transport operating along Hyderabad road provides frequent and regular access to the college. The college building is more than sufficient to the requirement and has all the necessary departments. Each department has its own museum, laboratory and tutorial room, which are well equipped and fascinating.

## Attached Teaching Hospital

There has been great improvement in clinical training of the students. Plenty of construction has taken place in MMCH leading to a total strength of over 600 beds. A new department of Cardiology with CCU have been started. A department of Urology with Dialysis facilities have been added. A new unit has been started in the department of Gynaecology & Obstetrics. A 17 rooms doctors' hostel has been completed and started at MMCH. Construction of a new state of the art OPD complex has also been started. Another major improvement is that in every specialty, there are senior doctors who now reside in Mirpurkhas and are hence available for clinical training and patients care 24 hours a day, seven days a week. This has greatly improved the attendance of the hospital. MMCH has purchased and brought in from UK hospital instruments worth over 20 million of RS. Hence we now have a good functioning ICU with monitors as well as Ventilators, better equipped and larger operation theatre suite, a state of art gastroenterology ward (with a consultant gastroenterologist from UK), a much improved Gynae & Obstetrics department with much better attendance in labour ward and regular Gynae list. Eye, ENT and Paeds departments are also much improved & equipped. All facilities are modern and up-to the mark.

### Students' Accommodation

Separate hostels for girls and boys are available. Both are owned by MFT. Girl's hostel is a state of art building with excellent facilities and opportunities for study in peaceful atmosphere. Students requiring hostel will need to pay hostel fee for one year at the time of admission. This will be non refundable. At the end of one year, students will have to deposit a fee for another year or leave the hostel. Strict rules and regulations have to be observed regarding timings of meals, visitors, leave, week-end off from premises.

### Canteens

A number of canteens provide students, staff, patients and visitors with regular meals, snacks and drinks round the clock.

### Library

There is an ample sized library with reading room, separate sections for teaching staff and counter. It has almost 3000 books related to medical sciences and about 5000 medical journals. It has a senior librarian with other support staff. It has an audiovisual corner that provides computer & Internet facilities to the students. The Library is a major center of health science literature. It is equipped with up to date information and retrieval facilities, books and journals for the students and faculty in basic medical sciences, clinical sciences, community health, nursing etc. avail this facility by getting the books of their interest and increase their knowledge.

### Mosque

A mosque is also constructed for daily prayers in the campus.

### Transport

The Muhammad Medical College is located very close to Mirpurkhas city, therefore a Shuttle Transport Service regularly runs between the college and the pick-up points.

College bus is also available for all students at the rate as prescribed by the College. Fees will have to be paid for whole year at the beginning of year. This has pick up points and pre defined routes. The route will not be changed for individual student.

### Student's Advisory Service

This department covers a wide range of student's academic and non-academic activities such as counseling, accommodation, students' health services, students' record, discipline and other matters related to students.

## Extra Curricular Activities

### Messiah Sports & Social Club:

Students enjoy various activities outside their educational routine and receive education with fun and pleasure. A faculty member heads each society to guide the students in carrying out their activities.

Muhammad College Magazine called "Messiah" is edited and published by the students to express their views and to publish literary creations.

The sports and Social Club provides sporting and recreational activities for students and other members of Muhammad Medical College. The club is committed to the belief that participation in these activities enhances the well being of students and staff of the Muhammad Medical College so that they are better able to meet the demands and obligations of an academic and working life with balanced and healthy life style.

### Literary And Debating Society:

Literacy and Debating Society organizes literary activities like quiz competition, mushaira and inter-class debates.

#### 1. Students' Week :

A student week is held every year where students of MMC compete against each others. Following events are particularly popular:

- |              |                 |
|--------------|-----------------|
| a. Cricket   | b. Table tennis |
| c. Athletics | d. Debates      |
| e. Quizes    | f. Qirat & Naat |
| g. Bait Bazi | h. Basket Ball  |

#### 2. Mushaira:

Annual Mushaira is held where poets among students and faculty participate along with the renowned poets of the region.

### 3. Inter collegiate competition held at MMC:

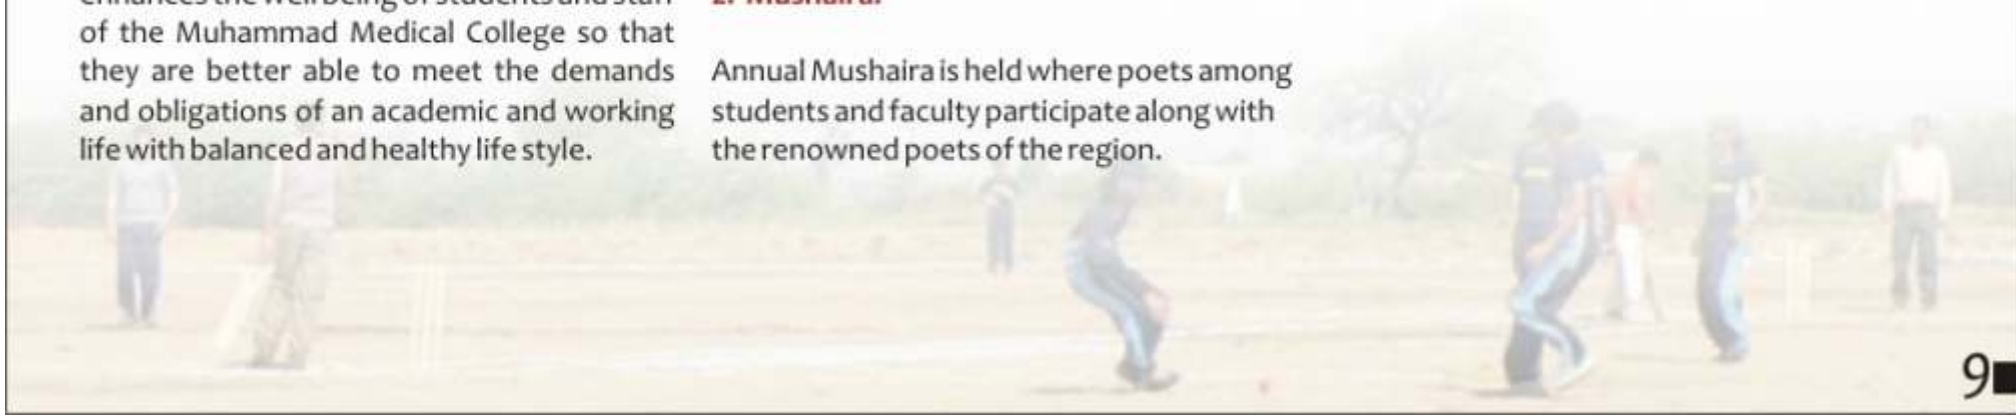

MMC holds an Inter collegiate in various sports and stage programmes. This has rekindled the sprit of healthy competition among the boys and girls in the region.

#### 4. Inter collegiate competitions :

Held at other colleges and Universities. MMC has regularly participated in these competitions specially cricket and debates.

#### 5. Musical Concert:

A musical concert will be held every year.

# Admissions

## Rules & Regulations:

The College Academic Council has established an admission cell. The cell will be responsible for all matters pertaining to admissions e.g. admission test, interviews and selection of candidates. The Cell provides guidance to parents and students. Admissions will be strictly dealt on Merit basis. After the completion of admission process, the list of selected candidates will be exhibited on college notice board. Students can also contact college office for their results. Failure to submit full fees within 48 hours of announcement of results may cause withdrawal of offer of admission. The decision of Muhammad Medical College will be final.

## How to Apply?

Candidate should submit along with the application form, a complete record of school and college academic achievements including marks sheets, which must be certified by the Principal of the concerned College. An applicant should apply on appropriate seat, standard or overseas/foreign. No switch over will be permitted during the curriculum.

## Who Can Apply?

Boys and girls with 60% marks in Intermediate Science (pre-medical group) can apply. Applicants should have passed their examination from any Board of Intermediate and Higher Secondary Education or two A level examination with premedical subject or equivalent examination.

Pakistani nationals abroad are also eligible provided they possess the requisite academic qualifications with equivalent certification. If at any stage, it is found that student had less than 60% marks in F.Sc. his/her admission will be cancelled and the college will not

bear any responsibility. All foreign nationals will have to clear visa procedures, migration and obtain equivalence certificate and other clearance certificates from all-relevant departments and ministries.

## Interviews:

The interview is currently an integral part of the selection process. We use it to assess your determination, communication skills and personality, and it also gives you a chance to meet people involved with the course.

## Selection:

Applications are reviewed within the Admissions Office to check that they meet the minimum academic requirements. Any applications which do not meet the academic requirements stated in this prospectus will be rejected at this point.

Our selection panel gives all applications received by the 1st November deadline equal consideration.

## Admission Expulsion:

The Principal of MMC as well as Managing Trustee of MMC reserve the right to cancel the admission of student who fall in the following categories:

\*If a student suffers from physical, mental, psychological health conditions and in the opinion of the College Medical Board, is not likely to continue/maintain the required academic and other standards.

\* If a student's conduct / behaviour is not the required standard of the College.

\* If a student fails to pay the College fees / Penalty (including transport and hostel fee) in the specified period.

## Transfer Policy:

All transfer of students from other Colleges may be allowed in accordance with PMDC rules if the seats are available. In all cases No Objection Certificate from the concerned University and College are to be obtained. A transfer fee of Rs. 1,00,000/- is to be charged whether student is transferred to or from MMC.

## Withdrawal From the College:

Student desiring to withdraw from the College during the term or year must notify the Principal in writing. They are required to get the required clearance from all departments including Finance Department. If an academic year has started, it means the student has utilized the tuition fee. If he / she then withdraws, the fee can not be returned.

## Re-Admission:

Students seeking re-admission will be considered only:

- \* If the application is received within one year of the period of withdrawal.
- \* If the attendance & course grades at the time of withdrawal from the College were satisfactory.
- \* If the conduct and behaviour was satisfactory.
- \* A re-admission fee of Rs. 50,000/- will be charged.

## Enrolment:

As Muhammad Medical College is affiliated with University of Sindh, its students will have to fill-in and submit the enrolment form along-with the required fees at the beginning of First Year.

# Academics

An academic year comprises three regular terms of three months each. The last three months of the academic years are allocated to the annual examination. Usually annual examinations will be held in November every year.

## Schedule Of Final Examination:

The schedule of the final examination is followed by the announcement of the University of Sindh.

## Fee Payment:

The fee will have to be deposited only and only at the Habib Bank Limited at the campus of Muhammad Medical College within 48 hours of announcement of results (which will be done soon after the interview). All payments to the College through cheques / pay order or Bank Draft shall be drawn in favour of Muhammad Medical College.

Failure to pay the full fee within 48 hours of announcement of results may result in withdrawal of offer of admission. The receipt must be obtained. Any claim of fee paid anywhere other than the designated branch of Habib Bank Limited situated within MMC will not be acceptable. Tuition fee charged annually by the college will recover only a small portion of the high expenditure incurred on medical education. If there is a delay in payment of fee, Rs. 5000/month of fine will be charged.

**Hostel Fee:** Students from other cities are encouraged to stay in hostels. For this, a fee of Rs. 5000/month will be payable. This will include a dinner (night meal).

First year fee will be payable before admission. Thereafter, all above fees will be payable by 15th October, i.e., before annual examinations of that year. Hence student admitted in 2011 will need to pay second year fee before 15th October 2012, third year fee before 15th October 2013, fourth year fee before 15th October 2014 and final year fee before 15th October 2015. This is irrespective of the fact that he/she passes a year or not. If a student repeats a year, he/she will continue to pay for 5 years and will pay 25% of repeat (sixth) year and any more year that is repeated.

**\*Student Activities:** Includes College Examination fee (not University examinations), Internal Assessment, Sports fee, Magazine fee, Security Provision, Social and other activities.

The College reserves the right to consider inflation, policies of PM&DC & Health Department in revising the fees structure.

## REFUND POLICY:

(Withdrawal due to any reason)

Refund of fee will be according to following rules

Conditions	Refund
Withdrawal before start of Course	Full Tuition Fee
Within 60 days of start of Course	Half Tuition Fee
After 60 days of start of Course	No Refund
Admission fee is non refundable in all cases	

## FEE STRUCTURE

	Standard	Overseas/ Foreign
<b>Admission Fee</b>	75,000	75,000
<b>Security Fee</b>	50,000	50,000
<b>Student Activities</b>	75,000	75,000
<b>Tuition Fee (1st Year)</b>	500,000	USD8,000
<b>(2nd Year)</b>	500,000	USD8,000
<b>(3rd Year)</b>	500,000	USD8,000
<b>(4th Year)</b>	500,000	USD8,000
<b>(5th Year)</b>	500,000	USD8,000

# Examination Department

Examination Department of MMC, headed by controller of Examination Dr. Ausaf Hussain, will conduct the Enrolment of all students admitted. This department is also responsible for arranging and holding all the examinations and declaring their results.

## Policy of the Examinations and Attendance:

Examinations will be held at the end of each year by University of Sindh. Pass marks in each examination will be 50% If a student fails to attend classes for two weeks continuously after start of session without any written application submitted beforehand, his / her admission shall stand cancelled automatically without any notice. If a student is unable to attend classes for ten days or more during the session without informing in writing to the Chairperson of Department, his / her admission shall stand cancelled. A student will not have more than 4 chances of passing Part-I or Part-II of First Professional Examinations, availed or un-availed. Failing Fourth attempt, student's name will be struck off college register (as per PM&DC rule).
